Mr. GEORGE W. PETTY, the old Texas veteran who lives about two miles west of the city, met with a painful accident on Thursday. He was hauling hay with an ox team out at the Wood pasture on the old Jeff Bassett place, when the off ox became unruly and crowded the near one on him, knocking him down. He was trampled under the feet of the oxen and had the wheels to run over him besides. But while his injuries were severe and painful, necessitating his confinement temporarily to his bed, nothing more serious is anticipated.

Mr. SAM SCHLECKER is a candidate for re-election to the position of county collector of taxes of Washington county. His announcement will be found in the announcement column of the BANNER as the regular democratic nominee. Mr. Schlecker has the reputation of being one of the very best and most efficient officers in the state and has been frequently complimented by the state comptroller. He was the first tax collector in the state to make his annual report last year.

Judge Lafayette Kirk announces in this issue of the BANNER as a candidate for re-election to the office of county judge of Washington county as the regular democratic nominee. Judge Kirk has already held the office for two terms and during his incumbency the finances of the county have been put on a better basis and the public roads have received more attention than in many years past. Cast your ballots for him next November.

Attention is called to the announcement of Mr. E. P. Curry as a candidate for justice of the peace of precinct No. 3. Mr. Curry has held the office one term and has made a faithful, efficient, diligent and impartial officer. He deserves re-election as a token of appreciation of his merit.

Capt. R. L. UPshaw, a former resident of Brenham and Washington county, who left here a few years ago to accept an appointment under President Cleveland as Indian agent at Tongue River, Montana, left Montana last Sunday to return here on a furlough. It is probable that he will not return to Montana anymore, as the term for which he was appointed will expire in a very short while, and in all probability Harrison will appoint a republican in his place.

DEAFNESS CAN'T BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circulars, free.

### Peculiar

Many peculiar points make Hood's Sarsaparilla superior to all other medicines. Peculiar in combination, proportion, and preparation of ingredients. Hood's Sarsaparilla possesses the full curative value of the best known remedies. Peculiar in its strength and economy—Hood's Sarsaparilla is the only medicine which can truly be said, "One Hundred Doses One Dollar." Medicines in larger and smaller bottles require larger doses, and do not produce as good results as Hood's. Peculiar in its medicinal merits. Hood's Sarsaparilla accomplishes cures hitherto unknown, and has won for itself the title of "The greatest blood purifier ever discovered." Peculiar in its "good name home,"—there is now more of Hood's Sarsaparilla sold in Lowell, where it is made, than of all other blood purifiers. Peculiar in its phenomenal record of sales abroad, no other preparation ever attained such popularity in so short a time, and retained its popularity and confidence among all classes of people so steadily.
